Our legal basis for using this data

Under the UK General Data Protection Regulation (UK GDPR), the lawful bases we rely on for processing workforce information are:

- *Article 6 (1) (b) Contract*: the processing is necessary because we have a contract with you and we need to process your personal information to comply with your contract
- *Article 6 (1) (c) Legal obligation*: the processing is necessary for us to comply with the law; we are required to share information about our workforce members under section 5 of the Education (Supply of Information about the School Workforce) (England) Regulations 2007 and amendments
- *Article 6 (1) (e) Public Task*: we may collect information from you where it is necessary to perform a task in the public interest e.g. taking temperature data on site and / or sharing staff data with the local authority in the event of a public health emergency
- *Article 6 (1) (f) Legitimate interests*: we rely on having a legitimate reason as your employer to collect and use your personal information, and to comply with our statutory obligations
- For some data processing where there is no legal obligation, contract or legitimate interest for the Trust to collect and use the data, we will ask for your consent under *Article 6 (1) (a) Consent*: the individual has given clear consent for us to process their personal data for a specific purpose
- We may also share your information if we need to protect your *vital interests* (or someone else's interest) e.g. in a life or death situation we may share information with healthcare professionals

We will process special categories of personal data for lawful reasons only, including because:

- you have given us your explicit consent to do so, in circumstances where consent is appropriate

- it is necessary to protect your or another person's vital interests, for example, where you have a life-threatening accident or illness in the work-place and we have to share your medical data in order to ensure you receive appropriate medical attention
- it is necessary for some function in the substantial public interest, including the safeguarding of children or vulnerable people, or as part of a process designed to protect others from malpractice, incompetence or unfitness in a role (or to establish the truth of any such allegations)
- it is necessary for the establishment, exercise or defence of legal claims, such as where any person has brought a claim or serious complaint against us or you

Public Health England also has special permission from the Secretary of State for Health and Social Care to use personally identifiable information without your permission where this is in the public interest. This is known as 'Section 251' approval and includes the use of the information collected by NHS Test and Trace to help protect the public from coronavirus. The part of the law that applies here is Section 251 of the National Health Service Act 2006 and the associated Health Service (Control of Patient Information) Regulations 2002.

Some of the reasons listed above for collecting and using your information overlap, and there may be several grounds which mean we can use your data.

Where we have got your consent to use your data, you may withdraw this at any time. We will make this clear when we ask for your consent and explain how to go about withdrawing consent.

Collecting this information

We may collect information about you in a number of ways:

- from the information you provide to us in connection with a job application, for example when you come for an interview
- when you submit a formal application to work for us, and provide your personal data in application forms and covering letters etc
- from third parties, for example the Disclosure and Barring Service (DBS) and referees (including your previous or current employers or school/college), or (if you are a contractor or a substitute) your own employer or agent, in order to verify details about you and/or your application to work for us
- as a result of your employment, we may generate data in relation to appraisals, grievances and disciplinary and safeguarding incident investigations
- we may also ask you to update your contact details at regular intervals

To comply with data protection legislation, we will inform you whether you are required to provide certain school workforce information to us or if you have a choice in this.

Data sharing

For the most part, personal data collected will remain within the school/college/Trust and will be processed by appropriate individuals only in accordance with access protocols (i.e. on a 'need to know' basis).

We do not share information about our workforce members with anyone without consent unless the law and our policies allow us to do so.

We may routinely share information with:

- professional advisers (e.g. lawyers, insurers, HR advisers and accountants)
- other employees, agents and contractors (e.g. third parties processing data on our behalf as part of administering payroll services, the provision of benefits including pensions, IT etc. – although this is not sharing your data in a legal sense, as these are considered data processors on our behalf)
- when the Trust is legally required to do so (by court order, government body, law enforcement agency or other authority of competent jurisdiction), for example, Somerset Local Authority, the DfE, Ofsted, HMRC, DBS, the police
- we may share personal data with future employers as part of a reference
- we may share images of staff on promotional material, on our website, on social media and with other media outlets if we have your prior consent

All employees are reminded that the school/Trust is under duties imposed by law and statutory guidance (including Keeping Children Safe in Education) to record or report incidents and concerns related to child safeguarding that arise or are reported to it, in some cases regardless of whether they are proven, if they meet a certain threshold of seriousness in their nature or regularity. This may include file notes within the employee and safeguarding files, and in some cases referrals to relevant authorities such as the police. For further information about this, please view the Trust's Safeguarding Policy

International transfers of personal data

We have audited where we store all the personal data processed in the school/college/Trust and by third party services. If a third-party service stores data in the EU or US, we have ensured that safeguards such as standard contractual clauses are in place to allow the safe flow of data to and from the school/college/Trust.

How we store this data

We hold workforce data for as long as reasonably necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, regulatory, tax, accounting or reporting requirements. This is likely to be 6 years after you cease working at the school/college/Trust.

We have appropriate security measures in place to prevent personal information from being accidentally lost or used or accessed in an unauthorised way. We limit access to your personal information to those who have a genuine business need to know it. Those processing your information will do so only in an authorised manner and are subject to a duty of confidentiality. We also have procedures in place to deal with any suspected data security breach. We will notify you and the Information Commissioner's Office of a suspected data security breach where we are legally required to do so.
